Re: Authorization to Commence Service

Dear Mr. Becker:

I approve T.W. Phillips Pipeline Corporation's (Phillips') November 12, 2009 request to place into service the Bionol Clearfield Pipeline Project in Clearfield County, Pennsylvania.

In accordance with environmental condition 9 of the Commission's February 19, 2009 Order Issuing Certificate (Order), we have determined that rehabilitation and restoration of the construction work areas are proceeding satisfactorily. This approval is based on our August 20, 2009 construction inspection; information provided in your request and your biweekly construction status reports ending on October 5, 2009; and photo documentation of the project's right-of-way provided on December 1, 2009.

You are reminded that Phillips must comply with all applicable terms and conditions of the Order, as well as procedures stipulated in your previous filings. If you have any questions regarding this approval, please contact Juan Polit at (202) 502-8652.

Sincerely,

Lauren O'Donnell, Director  
Division of Gas - Environment and  
Engineering
